5 My hero / A person that I am proud of

بطلي / شخص أفتخر به

Today, my father is an important doctor. My father's life used to be difficult. He studied to be a doctor at Cairo University and used to work as a doctor, too, sometimes at night, to learn all he could. He then got a job at a big hospital in Cairo. He continued to work hard but he didn't stop his studies and soon he became one of the most important doctors in Cairo. Now, he works in a big hospital in New Cairo. In 2020, many people became ill and he worked every day for many weeks to help them.

6 A useful job

وظيفة نافعة

I want to be a doctor, but I need a lot of skills to do that. Tomorrow, I'm going to visit my uncle. He's a doctor, so he can give me some advice. Next summer, I'm going to study English in England. You need to speak good English to be a doctor. Before I leave school, I'm going to do voluntary work at a children's hospital. In a few years' time, I want to go to a good university. Then, in about ten years' time, I think I'll be a doctor in a good hospital.

9 Random Acts of Kindness

أعمال الطيبة العشوائية

Our class decided to try to do one act of kindness for three days. This is what I did. First, on Monday, I bought my uncle some of his favourite books at the bookshop on the way home from school. He was surprised, but very happy! The next day, I let some younger students go into the canteen in front of me. Finally, on Wednesday, I took a sandwich and a cold drink to the old man who often sits on our street corner. He gave me a big smile. In my opinion, doing random kindness is fantastic. I don't want to stop!

10 My home city

مدينتي / موطني

My home city is Minya. It is located near the Nile. Lots of food is grown in the local area, like potatoes, wheat and sugar. The city is known for its delicious 'black honey'. The honey is made from sugar. Many ancient monuments and buildings are found in the city. We have a lot of trees and flowers in our city. There are also many parks and restaurants where people can enjoy and eat. There are good places for children to play and spend their time. My city is very beautiful and interesting!

an amazing day out

يوم مدهل بالخارج

Egypt is full of amazing and interesting places which you can visit. I visited Abydos last week with my cousins. There's so much to see: temples, amazing art and ruins in the desert. I'm not usually very interested in history, but this place is awesome! It is really amazing! I also visited the Karnak Temple. The ruins at the Karnak Temple were amazing and we really enjoyed our visit! It's a big place, so you need a few hours to walk around it. It's also a good idea to get a guide to tell you all about the history.

My favourite story: The Old Man and the Sea قصتي المفضلة : العجوز و البحر

Santiago was an old fisherman. He felt worried because the last time he caught a fish was 84 days ago. On the 85th day, he caught a very big fish. Then the sharks came. When Santiago returned to his home on the beach, he had no fish, only a skeleton. He felt weak and slept for a long time. But the other fishermen saw how big the fish was and knew that he was brave to catch it. Santiago lost the fish, but the other fishermen now respected him more than ever.

What makes a hero

ما الذى يصنع البطل

A hero is someone who is very brave. A hero is able to help the others in many different ways. You can become a hero when you save someone who is in danger. A hero can be someone who gives up their life so that others could live. A hero does not always have to show courage, he can be afraid, but still be a hero through his other actions. A teacher can be a hero when he teaches students to read or write and that will change their life.

A trip to the desert

رحلة إلى الصحراء

Last weekend, we went on a trip to the desert. I woke up early and made myself breakfast. Then I got dressed. I put on my clothes and looked at myself in the mirror, I put on a hat and sunglasses to protect myself from the sun. At the desert, we met our guide and we rode with him on our camels. My sister took photos of herself with her camel. That night, we cooked ourselves dinner on a fire. After dinner, when it got cold, we sat by the fire to keep ourselves warm.

A famous Egyptian; Magdy Yacoub

مصري مشهور: مجدى يعقوب

We should all be proud of Magdy Yacoub. He was born in 1935 in Bilbeis. His family used to travel to many places because his father was an important doctor. Magdy also became a doctor. He used to work in a special hospital in London. At this hospital, Magdy used to help to give people new hearts for the first time. Before the 1980s, people with heart problems often used to die. In 2009, Magdy Yacoub started a charity for ill children in Aswan. I love Dr Yacoub very much.

Life in Ancient Egypt

الحياة فى مصر القديمة

The Ancient Egyptians were very simple people. So, life in Ancient Egypt was different to today's. Poor children didn't use to go to school, but children from rich families used to start school when they were about seven. When they were at home, children used to enjoy playing games. When older parents died, they used to leave their houses to the sons. However, they used to leave things inside the house, such as jewellery and furniture, to the daughters. The Ancient Egyptians were really great.

What your city or village used to be like in the past and how it looks like now

كيف كانت مدينتك أو قريتك فى الماضى و كيف هى الآن؟

Everyone likes his city. I like my city as I was born and grew in it. In the past my city was very small. There used to be one hospital and one school. The people were very kind and friendly. There weren't lots of cars. Also, the buildings weren't tall. Now, my city is very big. There are five schools and three hospitals. The people now are not very friendly like the past. Many of them care about themselves only. There are lots of cars and the buildings are very high.

A job you like

There are many interesting jobs. I think the doctor's job is the most important one. He or she helps us get better after being sick. I look forward to becoming a doctor one day to look after the sick and to try to find out the reason for that. He always looks after ill people and tries to find out why they are ill or what hurts them. If a doctor understands their illness, he gives them the right medicines to feel better. A good doctor usually makes sure that all people feel healthy. The nurse's job is

as important as she helps doctors and patients. They are truly angels. We have to work hard to have the jobs of our dreams.

What makes a hero

A hero is someone who can show courage when they face a problem. A hero is a person who is able to help the others in many ways. A person can become a hero by saving someone who is in danger. Another example of a hero is someone who is there to help others to go on through difficulties of life. A hero can be someone who gives up their life so that others could live. A hero does not always have to show courage, he can be afraid, but still be a hero through his other actions. A hero can be a teacher. He can teach you to read or write and that will make a big difference in your life. That is a hero to me, someone who makes a difference in a person's life.

Someone I'm proud of

Of all the members in my family, my mother is the person I am proud of. She is 40 years. She looks much younger than her age with short hair and a beautiful face. She works hard. At work, she is respected by all of her friends. She is a useful person in society. My mother always does the housework well. She is a very good cook. I really admire her for her wonderful dishes. She often spends her free time cooking delicious dishes for us, which makes everyone in my family happy. What's more, my mother is an excellent adviser. I always love her and I will always be proud of her.

A historic place you visited

I visited one of the greatest historic places in India, the Taj Mahal in Agra. I went there with my mum and dad. It is very huge in size. I studied about the Taj Mahal at school, I also saw its pictures. But watching it with my eyes was like a dream that came true. It was built by Shah Jahan around 1630s. He built it as a gift to his wife, Mumtaz Mahal. This history made it more interesting. It took around 22 years to build. People think that Shah Jahan cut off the hands of the workers who built it so

that no similar building could be built. Therefore, this is one of the most awesome historic places.

Dear Basmala,

Greetings! How are you and your family? I hope you all are in good health. I'm very happy to write this email to you. I like reading very much. I read a story by Frances Hodgson Burnett. It's called A Little Princess. It's about a small girl whose father died and she became poor. She was in a boarding school. The headteacher made her a servant, but Sara behaved well like a princess. I recommend this story to you. It's really fantastic. I look forward to hearing from you.

Random acts of kindness

It's important to do random acts of kindness. The smallest things can make others smile. I think that if you do something kind to someone, they will take that act of kindness and move it to people they come across during their day. It's the smallest things that make the biggest differences. For example, holding the door for someone who has their hands full or smiling at a stranger as they pass by, these little things let people know that someone cares about them. Today, before you go to bed, do a random act of kindness. It can be to someone you know or someone who is a complete stranger, but it has to be random. Someday you will receive a random act of kindness in return.

Subject : **My home city**

Hello Paul,

How are you? I'd like to tell you about my home city, I come from a beautiful city called Hurghada on the Red Sea. First of all, it's very green and has many beaches and mountains. My home city is not polluted and the people are very friendly. It also has a small city centre area and you can find many shops and restaurants, for example sea food restaurants and supermarkets. My home city is on the coast, so there are many boats and ships. You can see turtles there. There are many fishermen around, so you can eat many kinds of cheap fish. It's very hot in the summer and warm in the winter. There are many parks and museums in my home

city. Many tourists visit my home city in the winter time because it has lovely weather. You should come and visit it one day.

Recycling

Recycling is important in today's world if we want to keep this planet clean for our future grandchildren. It is good for the environment because we are making new products from the old products which aren't used anymore. Recycling begins at home. If you are not throwing away any of your old products and instead reusing them for something new, then you are recycling. Recycling can benefit your community and the environment. It helps in reducing air and water pollution. Try to buy products that are made from recycled materials. There are some examples of paper, metal and plastic. Before throwing anything, think about how to reuse it.

Climate change

Climate change means the change in the world's climate and temperature. Climate change is causing different kinds of unusual acts in the world's climate. It is the most discussed topic at the moment all over the world. There are many causes for climate change. Firstly, global warming is the main reason for it. Secondly, environment pollution is the main reason for climate change. Thirdly, cutting down trees is another cause of the problem. Climate change causes rise in temperature, floods, drought and ice melting which will seriously affect farming and all living things. We should reduce the bad results of climate change.
